### DETAILED ACTION

1. Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claim 15, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, is now subject to being rejoined. Claim 15 is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on July 2, 2004 is hereby withdrawn.

2. Claims 1-15 are allowed.

3. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest a catalyst composition containing a metal doped anionic clay in accordance with the definition provided in the instant specification (refer to page 4, lines 10-26), in combination with the other features instantly claimed or process of making or using such a catalyst.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
